### IN MORE DETAIL....

Starting with the all important Bridal Preparation where we begin your story. This is probably your busiest time of all so we will blend into the background to capture the finer details and grab some sneaky shots of you and your bridesmaids preparing for the day ahead and maybe enjoying your first 'toast'! We will then capture pretty much everything we can throughout the service, confetti, cakes, speeches and all the way through to the first dance, not forgetting all the fun stuff in between!

While everyone is enjoying a tippie or two, we'll nip away with you both for some quality 'Mr & Mrs' time and to get a few snaps that we think you might love! :) Simple, beautiful and of 'wall hanging standards' that you will want to look at every day!

Every image is then hand edited and digitally enhanced so you can 'wall hang' to your hearts content! They are saved in a very lovely boxed usb and because they are probably the most important pictures in your life, they will also be on a disk just to make sure you have plenty of copies! Obviously we know that all your friends and family are going to want to see the pictures, so we will also supply an online gallery which can be password protected too!

Destination/bespoke/smaller packages can also be acommodated. If you have a request thats a bit different please get in touch for a quote.

We have a range of albums too, made in Italy!!!

Videography also now available!

Any questions or just want a chat, get in touch! :)
